## **Remote Eyes<sup>®</sup> Integrates with Palm<sup>™</sup> POS by Pinnacle *Enhanced Security for Convenience Store Operators***

**Hanover, Maryland, May 29, 2014** - Odyssey Technologies, Inc., a leading video surveillance software vendor, is pleased to announce the successful integration of its Remote Eyes video management system and POSWatch Enterprise<sup>™</sup> loss prevention solution with Palm POS by Pinnacle Corporation.

“Palm POS users can now get tighter control over internal loss issues by deploying integrated video surveillance and loss prevention from Remote Eyes,” stated John Webster, CEO of Odyssey Technologies, Inc. “Remote Eyes camera systems installed on the same network with Palm POS can easily access real-time transaction data and integrate that with the video archive. Users with multiple locations can use Odyssey’s POSWatch Enterprise software to view transaction data and integrated video from all locations at once. Automated email alerts and enterprise level reporting make it easier than ever to nip inside theft in the bud.”

“Palm POS is recognized as a leading POS solution for convenience stores and petroleum retailers,” Webster added. “Odyssey is excited about the completion of this integration between its Remote Eyes digital video management system and the Pinnacle Palm POS software.”

### ***About Odyssey Technologies, Inc.***

Odyssey Technologies, Inc. was founded in 1997 and is an early pioneer in digital video. With over 13,000 video surveillance systems installed worldwide, Odyssey differentiates itself by providing equipment, software, and services for centralizing and automating multi-site operations in Retail, Hospitality, Financial Services, and Property Management. Remote Eyes systems feature superior video compression, multi-site remote video management, and integration with point-of-sale, access control and networked transaction systems.
