Hilton Garden Inn Selects Remote Eyes® to Secure Property

Hanover, Maryland, January 30, 2014 - Odyssey Technologies, Inc., manufacturer of Remote Eyes® digital video management systems, is pleased to announce that Hilton Garden Inn of Plymouth, Massachusetts has selected Remote Eyes for general security and to reduce loss due to theft.

According to Kelly Lajoie, General Manager of Hilton Garden Inn, Plymouth, Massachusetts, "Remote Eyes has been an excellent security tool for our hotel. It is easy to learn and use, and we receive excellent support from the team at Odyssey. Even though the system has been installed for only a short while, we have already been able to take action on multiple loss issues using the video evidence provided by Remote Eyes. Our loss recovery has easily been significant enough to more than cover the investment we made in Remote Eyes."
